Profile Summary

Passionate B.Tech undergraduate in Aerospace with a strong foundation in aerothermodynamics , structural analysis and propulsion. Seeking to leverage problem-solving abilities in a challenging aerospace engineering role to drive innovation and deliver high-quality solutions

Education

Hindustan Institute of Technology and Science ,HITS Chennai, India	2021 - 2025
---	--------------------

- Branch : Aerospace | CGPA: **8.5**

Model Academy Jammu, India	2019 - 2020
-----------------------------------	--------------------

- CBSE (Class XII), | CGPA : 9.1

Imamiya Mission School Ladakh, India	2017 - 2018
---	--------------------

J&K Board (Class X), | CGPA:9

Skills

Solidworks | MS Office | Autocad | Ansys | Ls-Dyna | Mathlab | Python | | Arduino

Work Experience

Research and Development Intern at IIT GN.

Undergraduate Research intern at IIT BBS.

Projects

Project 1	Feb'23
------------------	---------------

Conventional Model Rocket

Successfully made a rocket model during 14 days project

Project 2	Feb'23
------------------	---------------

Design of fuel injector

Successfully designed a high compression fuel injector in propulsion project (solid works).

Project 3	Feb'24
------------------	---------------

Done a design project on Gulfstream G650

Certifications

Diploma in Computer Applications (2020)

Innovation , design and entrepreneurship bootcamp (2024)

Aircraft Crash Investigation

Physics , Math, Chemistry Olympiad (Precise Energy)

Chatgpt

Internship Details

Research Intern at IIT Gandhinagar.

Worked as assistant to Phd Scholar.

Responsibilities: Assisted in developing the metal surface which increase the drop wise condensation in Desalination Plants through fabrication and Experiments.

Achievements: Successfully developed a surface that increase drop wise condensation in control conditions .

Research Intern at IIT Bhubneshwar.

Worked Independently as Fluid Dynamics and Computational Specialist.

Responsibilities: To develop a mounting System in Wind Tunnel (test section) for aerofoil and cylindrical section which reduces the overall drag due to vortex formation at the edges.

Achievements: Successfully developed the mounting system for aerofoil in test section whose AOA can be changed externally.

Academic Achievements

- ☐ Awarded AICTE Scholarship under PM-USPY for Academic excellence.
- Awarded the HITS University Merit Scholarship for academic excellence.

Extracurricular Achievements

- Volunteered at Bootcamp 2023 organised by AICTE, coordinated workshops on Innovation, Design and Entrepreneurship skills.
-

Positions of Responsibility

- Team Lead during bootcamp .
- Lab Coordinator in Academic Labs.

Soft Skills

- Strong verbal and written communication skills.
- Demonstrated teamwork in various group projects.
- Adept at problem-solving and analytical thinking.
- Ability to learn quickly and adapt to new tools, technologies.
- Excellent time management and organizational skills.

Languages

- ☐ English: Fluent
- ☐ Hindi: Fluent
- ☐ Ladakhi: Fluent
- ☐ Urdu: Fluent
- ☐ Arabic: Intermediate
